

5123 Olde Silver Place

This is an extremely well maintained, spacious 1,700 square foot Ranch is located on a desirable cul-de-sac street. The home boast many updates including white 6 panel doors, newer carpeting in main floor bedrooms and newer vinyl tilt-in windows. The stunning vaulted family room greets you with a floor to ceiling stone fireplace, laminate flooring and a French Door that leads to a 12' x 20' deck overlooking the beautifully landscaped backyard.

The Master Suite features an updated bath with an adult height vanity and lots of upscale ceramic. The Bedroom also provides access to the backyard with a sliding glass door opening to the deck. The kitchen has been updated with custom oak cabinets with pull out shelves and ceramic flooring.

The partially finished walk out lower level features a light and bright 12' x 34' Family Room, another bedroom with nice windows and an oversized full bath! There is plenty of storage in the large closets throughout this home. It also boasts a fenced-in yard backing to beautiful tree lined common ground.
